

JUNE MEETING

7:30 PM, WEDNESDAY, JUNE 13

NORTHERN LIGHTHOUSE CHURCH, LINCOLN, NEBRASKA

JUNE CLUB MEETING

Joe Eisenberg, KØNEB, will present his annual Dayton Hamvention® overview. Joe's presentations are always

interesting, and you don't want to miss this one. This year's theme was "Amateur Radio ... Serving the Community."

—Bryan Leavitt, WØBCL

PRESIDENT'S COLUMN

We enjoyed a fantastic May club meeting learning about prosthetics. I didn't realize there were so many devices available to those who need them.

Make sure to see us at this month's meeting where Joe Eisenberg, KØNEB, will give an overview of the 2018 Dayton Hamvention®. Please remember we will meet at Northern Lighthouse Church again.

The Field Day committee has been hard at work preparing for this year's event. Joining in the meetings, I am staying updated and will be at Field Day all night again, so make plans to join us and get on the air. Much thanks to Mike Long, KØSHC, and Justin Williamson, W5NEB, for joining me in inviting the city council to our event. It was a long 3.5-hour wait to get up and talk, but we had fun.

The first ARES call out was on May 1, and 41 of you stepped up to help. Thank you! Aaron Rogge, NØADR, should have the stats for the event somewhere [page 11] here in the LOG.

It's great to hear all the new calls on the repeater, and thanks to all who are making

them feel welcome. Aaron Rogge, NØADR, and Bryan Leavitt, WØBCL, have been hard at work in the classes and turning out some great folks. Thanks, guys!

Public service is underway, and all the events look like a lot of fun. Help Mike Long, KØSHC, and join in when you can.

Thank you to returning Supporting Business Member Randy Carlson, KØKRC. The car wash is awesome, and I am using it regularly now.

Speaking of memberships, as of the last Board meeting, we are currently on projection for meeting our goal and look forward to seeing the goal met this year. If you have not yet joined, rejoined, or got your dues in, please do. The club needs and appreciates your support.

That's all for now. See you at the club meeting and Field Day!

—73 de Ed, KØRPT

JOIN LARC TODAY!

LARC membership is yearly, January through December. See the back cover of this LOG for additional details.

MAY VE EXAMS

We picked up the pace this month with two sessions. The first was at the Red Cross Building on May 3. The second was at Union College following the Technician class on May 21.

We had a total of 16 new licenses this month from a total of 22 examinees. As the last group passed their exams a few days ago, they are listed as "pending."

The results are as follows:

TECHNICIAN

- ◆ Barbara Spence, KEØRQT, Martell
- ◆ Desarae Wright, KEØRQR, Lincoln
- ◆ John Wright, KEØRGG, Lincoln
- ◆ Jerry Marple, KEØRQV, Broken Bow
- ◆ Thomas Lutcavish, KEØRQU, Steinauer
- ◆ Allen Roelfs, (pending), Pickrell
- ◆ Bradlee Johnson, (pending), Lincoln
- ◆ Eric Klaus, (pending), Beatrice
- ◆ Eric Spence, (pending), Martell
- ◆ Kevin Rahe, (pending), Beatrice
- ◆ Matt Olson, (pending), Lincoln
- ◆ Michael Duey, (pending), Lincoln
- ◆ Steven Henry, (pending), Lincoln
- ◆ Tanner Spence, (pending), Martell

GENERAL

- ◆ Jerry Siefkes, (pending), Walton
- ◆ Joshua Siefkes, (pending), Lincoln

Congratulations to our new licensees!

Volunteer Examiners (VEs) who participated this month: NØADR, WØBCL, KCØDHM, KØKTZ, ACØLD, KCØPJR, AEØRP, KØSIL, and N8VRX.

We will continue to meet at the Red Cross, 220 Oakcreek Drive.

Upcoming exam dates are June 7, July 5, August 2, and September 6.

—Chris Evens, KCØPJR

FIELD DAY AT-A-GLANCE

Field Day is June 23–24 at Mahoney Park in Lincoln. It is a great opportunity to introduce family and friends to this great hobby you enjoy.

Here's an at-a-glance overview of Field Day events:

F	06/22		Field Day Setup
Sa	06/23	1:00 pm	Field Day Begins
		5:00 pm	Picnic
		8:00 pm	Watermelon Feed
Su	06/24	8:00 am	Presidents Breakfast
Su	06/24	1:00 pm	Field Day Ends

If you have any questions, drop Jeff, WØWKP, a line at jeff.w0wkp@gmail.com.

—Bev Bennett, KDØPTR

PUBLIC SERVICE

Greetings from the desk of public service.

It's coming and not that far off: the CORNHUSKER STATE GAMES! Aaron Rogge, NØADR, and Jeri Lyn Rogge, NØJLR, have been preparing again for this year's event, and we need lots of help supporting the games' sponsor, the Nebraska Sports Council!

We have been involved with the games since their creation, so let's keep our relationship a long and happy one! Please consider signing up for your favorite event. For all you new Hams, this a wonderful place to learn and have fun using your radios, so please sign up. Since you're new, we will give you all the details and make sure you're ready to go, having fun playing with your radios, and working in a net. Keep watching for further events shortly—and thanks!

2018 Public Service Calendar

Fr	07/20	State Games Begin	Lincoln area
Su	07/29	State Games End	
Th	08/02	Lancaster County SuperFair Begins	Lancaster Event Center
Su	08/05	Lancaster County SuperFair Ends	
Sa	08/25	Mud Run	
Su	08/26	Heat Stroke 100 Bike Ride	Sesostriis Shrine, 1050 Saltillo Rd, Lincoln
Sa	10/06	Market to Market Relay	
Su	10/07	EYE RUN	Holmes Lake Park, Lincoln

I hope to see many of you helping with these events. As usual, there will be sign-up sheets at club meetings or you can e-mail me at k0shc13@yahoo.com. Let's have some fun this year and continue our tradition of giving back to the community!

—Mike Long, KØSHC
Public Service Chair

LINCOLN MARATHON—5/6/18

Thank you to the volunteers who logged a total of 497.4 miles and 181.6 hours. Volunteers were NØADR, KDØBHQ, KDØBXA, NUØC, KDØCJD, KDØDIU, NØDIZ, KDØEEB, K9EMR, KEØEQW, KEØERA, WDØEZI, KEØJBT, NØJLR, KEØJVS, KTØK, KBØKA, KRØKAT, KØKPH, KØNEB, W5NEB, NØOLK, KDØONQ, KDØPTE, KDØPTF, KDØPTK, KDØPTR, KBØQH, KDØRIY, KØSHC, KDØTPP, KDØVSD, KDØZMN, KDØZNO, WØZWV, and Becky Pugsley.

—Mike Long, KØSHC

FIELD DAY 2018: JUNE 23 & 24

24-HOUR EMERGENCY PREPAREDNESS EXERCISE

Ham radio operators from the Lincoln area will join with other Hams around the country to demonstrate their ability to provide voice and Morse code communications when commercial power fails. The slogan "When All Else Fails ... Amateur Radio" is more than just words to Hams who send messages in many forms without the use of phone systems, internet, or any other infrastructure that can be compromised in a crisis.

Amateur Radio operators across the country have provided critical support during emergencies. During recent hurricanes, Amateur Radio was often the only way people could communicate. Hams, all volunteers, traveled to other parts of the world to assist in communication and relay of messages to loved ones. Hams are often the first on the scene and provide valuable information to first responders ... all without cost.

Please invite family, friends, and coworkers to Field Day. "We encourage people to come and see for themselves that this is not your grandfather's radio anymore," said Allen Pitts, W1AGP, of ARRL. "The communications that ham radio people can quickly create have saved many lives when other systems failed or were overloaded. And besides that, it's fun!"

WE NEED YOU

Volunteers are needed for setting up on Friday, tear down on Sunday, and as station operators for the GOTA station and HF stations. If you can help, please attend the Field Day meetings. We need the help of all Hams to make it a success. Email me at jeff.w0wkp@gmail.com, and we will put you to work.

FIELD DAY MEETING DATES

- ◆ Saturday, June 9, 10:00 am, Mahoney City Park
 - ◆ Wednesday, June 13, 6:00 pm, Northern Lighthouse Church
 - ◆ Friday, June 22, Mahoney Park, Lincoln
- Listen to daily 9:00 pm ARES 146.76 net and watch LARC Facebook page for updates (<https://www.facebook.com/LARCLincoln>).

SATURDAY PICNIC

The club will provide hot dogs, hamburgers, and drinks. Please RSVP to kd0ptk@gmail.com so we know quantities. Bring a salad, vegetable, dessert, your own table service, and your family.

WATERMELON FEED

Saturday, 8:00 pm watermelon feed by the GOTA station tent.

PRESIDENTS PANCAKE BREAKFAST

The Sunday, 8:00 am breakfast features the pancake-flipping skills of current and past LARC presidents.

—Jeff Bennett, WØWKP
Field Day Chairman
jeff.w0wkp@gmail.com

MEET YOUR FELLOW HAMS

RANDY CARLSON, KØKRC

Why did I get into Amateur Radio? Good question!

In 2013, my wife Cynthia, KDØVSJ, decided to get her Technician license. I thought it was a stupid idea. She would attend classes and at home spend hours studying stuff that did not make sense to me. Then she purchased a Baofeng handheld and could not figure out how to program it. She did eventually. Then one of my sons, Nathan, N3RDY, decided to get his Technician license because he wanted to storm spot. Over time, they both kept poking at me to give ham radio a try.

Eventually, I attended a Field Day at Mahoney Park and talked to several Hams. I recall talking to Mike, KBØDNP, and Lydia, KCØWWR, Wasserstein as well as Joe Eisenberg, KØNEB. The combination of everything set the "hook."

I told my wife, warning her that if I got involved in ham radio, I would go farther than just the Technician license and at least get my General. I would also spend some money so I could do HF.

Well, it happened. I got my Technician and General. The Technician class was taught by Reynolds Davis, KØGND, and Richard Mulder, ACØLN/SK.

Now I enjoy HF because finding QSOs is like fishing.

It's a great hobby!

—Randy Carlson, KØKRC

CYNTHIA CARLSON, KDØVSJ

How I got into Amateur Radio:

I had an uncle, Al Marron, KØLJK/SK, who was a Ham back in the day. As a child, I was always curious about what seemed like secret code words he used when I heard him talk on the radio. On Easter weekend in 1964, we were at the Marron home in the Nebraska panhandle. I answered the phone very early on that Saturday morning and learned there had been a terrible earthquake in Alaska. The earthquake had happened the day before on Good Friday (139 people perished) and people needed my uncle's his help to contact their relatives. I remember he spent the rest of the time we were there, skipping meals, trying to contact people and exchange information so families could know of their loved ones' safety.

I was then reintroduced to ham operators when I became involved with the Nebraska Medical Reserve Corps in Lincoln. Through encouragement from Reynolds Davis, KØGND, I decided to take the Technician class and passed the exam. I recently upgraded to General.

—Cynthia Carlson, KDØVSJ

ESTATE SALE

If interested in any of the following contact Gordon Trout, WØKBS (402/484-7656) for more information.

ACØLN ESTATE

BRAND	MODEL	DESCRIPTION	PRICE
Drake	TR-3	HF Transceiver recently repaired & MS-4 Speaker w/ps	\$150.00

ARES NETS

Once again, we're looking for primary and backup net controllers for the nightly ARES nets on 76!

Running a net is a great way for all Hams, new and old, to learn skills not normally learned in everyday operation. It is also a nice learned skill to tuck underneath your belt for when the need arises—you never know when!

If interested, please contact me at k0jia@xsmail.com, and I'll be more than happy to tell you more about it!

Catch you on a nightly net soon!!!

—Eric Bigham, KØJIA

JUNE CLUB MEETING LOCATION

Remember we will meet at Northern Lighthouse in June!

—Ed Holloway, KØRPT

MAY LOG ASSEMBLY CREW

Thank you to KDØDIU, WDØEZI, NØJLR, KRØKAT, KDØPTF, KØRPT, NØVMT, WØZWY, Becky Pugsley, and Jon Peterson for helping to prepare the May 2018 LOG for mailing.

UPCOMING LOG PREP DATES:

- ◆ Monday, July 2
- ◆ Monday, July 30

Plan now to join us for the next LOG folding session! When we have at least 15 people prepping the LOG, the job is easy and fun for everyone.

—Jeri Lyn Rogge, NØJLR

HAVE A GREAT IDEA FOR LARC?

Have you brewed up a great idea for education, social outings, fundraisers, club meetings, or more? Email your ideas to log@k0kkv.org.

AMATEUR RADIO TRANSPONDERS ON PLANNED CHINESE SATELLITES TO INCLUDE HF

China's Amateur Radio Satellite organization, CAMSAT, has released some details of three new Amateur Radio satellites that could be launched as early as September. Two of the satellites, CAS-5A and CAS-6, will carry transponders, and one of them will have HF capability.

CAS-5A is a 6U CubeSat. It will have an HF/HF (21/29 MHz) mode linear transponder; an HF/UHF (21/435 MHz) mode linear transponder; an HF CW telemetry beacon; VHF/UHF mode linear transponder; a VHF/UHF mode FM transponder; a UHF CW telemetry beacon, and UHF AX.25 4,000/9,600-baud GMSK Telemetry. Transponders will have 30 kHz passbands, except for the H/U unit, which will be 15 kHz.

The tiny CAS-5B, weighing 1/2 kilogram, will be deployed from CAS-5A in orbit. It will carry a UHF CW beacon on an Amateur Radio frequency. It will be placed into a 539 × 533 kilometer, 97.5° orbit.

CAS-5A/B will launch from the Jiuquan Satellite Launch Center.

CAS-6, a 50-kilogram microsat, will include a VHF CW telemetry beacon; a U/V mode 20 kHz linear transponder, and AX.25 4,800-baud GMSK telemetry downlink. It will also carry an atmospheric wind detector and other systems that will operate on non-amateur frequencies.

A launch at sea is planned for CAS-6 from the China Academy of Launch Vehicle Technology. The microsat will be placed into a 579 × 579 kilometer, 45° orbit.

CAMSAT has applied to the International Amateur Radio Union (IARU) to coordinate frequencies for all three spacecraft. — Thanks to AMSAT News Service via AMSAT-UK
