7:30 PM, WEDNESDAY, JULY 10  
LI-COR, LINCOLN, NEBRASKA

## JULY CLUB MEETING

It's an annual tradition — including great music and drool-worthy equipment photos. If you guessed Joe Eisenberg's (KØNEB) Dayton Hamvention update, you're right! Joe will also share Hamvention history and a bit about other major hamfests, including why they're so popular and why you should go to hamfests.

## PRESIDENT'S COLUMN

I have a lot of people to thank for their awesome work at Field Day. At the top of my list are Jeff Bennett, WØWKP, and his Field Day team; Chuck and Bev Bennett, KDØPTK and KDØPTR,

for coordinating the activities; Paul Norris, KDØDIU, for putting his touch on the burgers and hot dogs; Hy-Vee for the awesome food donation; Bryan Leavitt, WØBCL, for keeping the generators going all night; and Lincoln City Council member Bennie Shobe for his support of LARC and our activities. It was great to see Bennie and have him hang out with us for the afternoon.

I was supposed to play drums on Saturday night. After talking with some friends, I was able to find a replacement so that I could be on-site for much of the evening. At somewhere around 2:30 in the morning, someone decided that the 80-meter antenna needed to be replaced, so we did it. We ended up replacing a connector, which allowed me to work 80 meters while everybody else slept. I only caught a few contacts as the band was not good at all. The storm that night didn't help much.

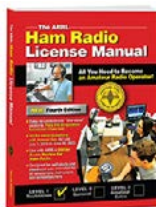

I stayed as long as I could, but when 5:15

came around, I got hungry, went home for what was supposed to be a quick bite, sat down on the couch, and woke up at 3:30 Sunday afternoon.

I believe that everyone had a good time, and again, thank you all who helped to make the event a success. See you all at the next club meeting!

— Ed Holloway, KØRPT

## TECHNICIAN CLASS

Save the date! The Lincoln Amateur Radio Club is offering a FREE Technician license instruction course. The course will consist of six three-hour sessions and will meet on Sunday afternoons. The class will begin July 7, 2019, at 1:00 pm. Contact [class@k0kkv.org](mailto:class@k0kkv.org) for more information.

— Aaron Rogge, NØADR

## LARC MEETING TOPICS

- ♦ **AUGUST:** Propagation
- ♦ **SEPTEMBER:** Modes — CW, digital, etc.
- ♦ **OCTOBER:** Contesting and logging programs

— Jeff Bennett, WØWKP

## SILENT KEY

### DAVE WHITWORTH, NØVMT/SK

It is with sadness we say goodbye to Dave, NØVMT. He passed away on June 3 after a long battle with cancer.

Dave was an active member of LARC and a certified storm spotter. He also volunteered with SATERN, where he spent countless hours helping wire the communication trailer and set up the station. He loved homebrew and enjoyed building antennas and other projects. He will always be remembered for his decked out cart at the county fair.

Dave was quiet but always there and ready to help.

Farewell, Dave. The world is better for having known you.

—Aaron Rogge, NØADR

## JUNE LOG ASSEMBLY CREW

Thank you to the following individuals who prepped the June LOG: KDØBXA, WØBCL, KDØDIU, NØJLR, KØJSL, KØKPH, KDØONM, KDØPTF, KBØQH, WJØTX, WØZWV,

John Peterson, and Becky Pugsley. We appreciate the use of the Elks Lodge!

**Join us next month to fold LOGs. Save the date and bring a date or buddy with you on Monday, August 5!**

— Jeri Lyn Rogge, NØJLR

## CLUB DIRECTORY PROPOSAL

At the June 2019 LARC Board of Directors meeting, a proposal for the creation of a club directory was approved. In order to respect members' privacy concerns, several constraints were placed on this proposal:

- A. Participation in the directory is completely voluntary. You must affirmatively "opt in" to have any information included in the directory.
- B. You may choose to publish as little or as much personal information as you wish. Information considered for publication will include call sign, name, address, city, state, zip code, phone number, and email address. You may opt in on each of those categories individually.
- C. Authorized distribution of the directory will be limited to active LARC members.

determined that at least 65 members must opt in to be included in the directory before it will be published. This notification will be published for 90 days and in three consecutive LOGs before the directory is created.

If you do not wish for any of your information to be included, you do NOT have to do anything, as only those opting in will be included.

If you are interested in opting in, fill out the form online at [k0kkv.org/club-directory](http://k0kkv.org/club-directory), send in the form in the Lincoln LOG [page 11], or you may email [log@k0kkv.org](mailto:log@k0kkv.org). Submissions must be received by October 1.

Please direct your questions and comments about this proposal to your Board of Directors at [board@k0kkv.org](mailto:board@k0kkv.org).

## FIELD DAY RECAP

Despite lackluster propagation nationwide and rainy weather in the Lincoln and surrounding areas, Field Day 2019 was a success, even with the lower numbers of contacts. There was a great turnout, with over 50 people visiting the GOTA station and 20 packets handed out, promoting the club and Amateur Radio.

We had approximately 70 people out for the potluck on Saturday to enjoy food and fellowship,

followed by watermelon later in the evening. On Sunday morning, there was an average turnout of approximately 20 for the past presidents' breakfast.

There was also a good turnout throughout Saturday, with Greg Brown, KTØK, presenting a short introduction to CW communications. We had one individual who participated in VE testing and passed her test. There also were a number of individuals who participated in the transmitter fox hunt.

I'm grateful to all club members who served on the Field Day committee and worked

to promote and operate the following stations: GOTA, 20 meters, 40 meters, CW/voice, 6 meters, and 2 meters.

Additionally, Jared Polack, NØJMP, attempted satellite communications numerous times, showing a technique of using an app on his smart phone and an Arrow antenna to search for satellite transmissions. Throughout the weekend, we received several partial transmissions.

Thanks also go out to all those who helped with setup and tear down. Bryan Leavitt, WØBCL, coordinated grounding of all equipment and safety precautions.

Stay tuned to upcoming LOGs for additional results from Field Day 2019.

2019 Field Day Chair
