Lincoln Amateur Radio Club

2020

November

NOVEMBER MEETING

7:30 PM, WEDNESDAY, NOVEMBER 11
ZOOM VIRTUAL MEETING

NOVEMBER CLUB MEETING

The November club meeting will be via Zoom: bit.ly/LARCMeeting. Meeting ID: 830 4492 9864; Passcode: 561270. If you have questions about joining the meeting, please email president@k0kkv.org.

LARC BOARD CANDIDATES

Please join us for our November meeting, as the election committee announces the 2020 LARC Board candidates. The (virtual) "floor" will be open for nominations for the December election. After the nominations are received by the committee, we'll enjoy some social time on Zoom! It's been a long time since most of us have been able to socialize with fellow club members, so grab your favorite snack and beverage and stick around with your fellow Hams.

— Justin Williamson, WJØTX

PRESIDENT'S COLUMN

I'd like to start with a huge announcement — we will be having a Holiday Party this year! Details are included later in the LOG, but know that the Holiday Party committee has

worked hard to review health guidance and host facility guidelines to ensure we can bring you a great party, provided that the guidance and directives do not change between now and then.

We spent most of the year holding our meetings virtually. While it was a hard decision to move our monthly meetings online, it was necessary to protect our club members. What complicated issues was losing access to our primary meeting location due to the pandemic, the reluctance of other organizations to host outside groups, and the need to find a location that could adequately accommodate us while remaining within the guidelines set forth by local authorities. Due to the continuing high threat of spread, especially indoors, our November meeting will be online as well.

Plan to attend the December meeting from the comfort of your vehicle. LARC bylaws

do not currently have a provision for voting electronically or by mail, so we will meet in our cars in the parking lot at Mahoney Park, near 70th and Fremont Streets.

The 2021-22 Board candidates will provide their presentations by radio on 146.52, and the election committee will distribute ballots while masked and gloved as you enter and collect your ballot by bucket. Once the ballots are counted, we will announce the new directors. Afterward, all members are welcome to stick around as we convene a Board meeting to select the 2021 LARC officers.

November is the season for thankfulness. Let's all take a moment this month to pause and reflect on those things for which we are thankful: family, friends, health, and more.

— Justin Williamson, WJØTX

"WHEN I STARTED COUNTING MY BLESSINGS, MY WHOLE LIFE TURNED AROUND."

~ WILLIE NELSON

LARC HOLIDAY PARTY

All members are cordially invited to attend the LARC Annual Holiday Party on Saturday, December 12, at the Lincoln Elks Lodge #80 (5910 S 58th St). In order to adhere to the current Directed Health Measure from the Lincoln-Lancaster County Health Department, there will be a few changes this year!

- ◆ To ensure we have enough food and our tables appropriately distanced, you must RSVP online at k0kkv.org/holiday by Tuesday, December 1, by 8:00 pm. We will be unable to admit anyone who does not RSVP by this deadline.
- ◆ Additionally, in a change from previous years, this will not be a potluck-style dinner. The club will provide all food and drink. The doors will open at 6:00, with dinner being served at 6:30.
- ◆ For members who do not feel comfortable dining in, we are offering takeout this year! As mentioned above, you must still RSVP and come to the Elks Lodge south door any time from 5:30 – 6:00 pm (follow the signs). Stay in your car, and we will bring your meal to you!
- ◆ In compliance with the Lincoln mask mandate, face coverings must always be worn while inside the lodge, except when seated. If you cannot wear a face covering, you are welcome to take advantage of the takeout option!
- ◆ Finally, if you are not current on your club membership dues, you **MUST** pay dues online at k0kkv.org/membership by 5:00 PM on Tuesday, December 1, as absolutely no cash will be taken at the door. We hope to see you there!

Should the Lincoln-Lancaster County Health Department "risk dial" be RED on or after Friday, November 27, the holiday party will be canceled. Announcements will be made via the nightly net on 146.76, on LARC social media, and at the December club meeting.

— Maureen Sadler, KDØONM
2020 Holiday Party Committee Chair

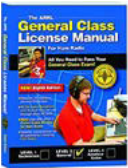

PUBLIC SERVICE VOLUNTEERS

THANK YOU to all members who took the time to volunteer for this year's events! The sponsors greatly appreciate our efforts to support the safety and logistics of their events! Many times, I've heard them say, "If it weren't for the Hams, our event wouldn't have been a success."

Again, I can't tell you how much you are appreciated for all you do to represent this club and the professional way you conduct yourselves! Have a safe and wonderful winter, and I hope to see many of you next year for a new season of public service.

—Michael Long, KØSHC
Public Service Chair

GENERAL CLASS

The Lincoln Amateur Radio Club is hosting a FREE eight-week course for the General License!

Classes begin Wednesday, November 18, at 6:30 pm. Each class will run until approximately 9:30 pm.

Please come with a copy of the ARRL *General Class License Manual, Eighth Edition*, available from the [ARRL](#) and [Amazon](#). The course will be held online via Zoom.

URL: bit.ly/LARCGenClass

Meeting ID: 992 2461 5302

Passcode: 465533

Please RSVP to class@k0kkv.org.

— Aaron Rogge, NØADR

OCTOBER VE EXAM SESSION

**ARRL
VEC**

October's VE session was the last one at Holmes Lake Park. Going forward, we will host sessions at the

Heartland Hall at the College View Church of Seventh-day Adventists, 4801 Prescott Avenue. Please enter through either the east or main entrance, as other groups are also using the church that evening.

As for the October session, we were back in a park pavilion and were grateful, as it was dark by the time we went home. We had a total of eight examinees, of which six passed for either a new or upgraded license.

TECHNICIAN

- ♦ Chad County, KFØBYC, Crete
- ♦ John Seawell, KFØBXY, Lincoln
- ♦ Laurie Colburn, KFØBYB, Lincoln

GENERAL

- ♦ Alexander Lekai, KFØBYA, Waco
- ♦ August Flachsbarth, KEØZNC, Lincoln
- ♦ William Scheele, KFØBXX, Odell

We thank the following VEs who sacrificed their time to assist with the session this month: NØADR, WØBCL, KCØDHM, KCØPJR, and KEØWUE.

We look forward to seeing examinees and VEs at upcoming sessions at College View Church: November 5, December 3, and January 7. Thank you for your continued support of these newest members of the Amateur Radio community.

— Chris Evens, KCØPJR

2021 BOARD NOMINEES — BIOGRAPHIES

BRYAN LEAVITT, WØBCL

My name is Bryan Leavitt, WØBCL. I have been a licensed Ham since February 2007 and hold an Extra Class license. I have been active in the club since I was licensed.

I am not native to Nebraska, as I grew up in Las Vegas, Nevada. I came to Lincoln in 1992 as a student at UNL and now work in the School of Natural Resources on the UNL East Campus.

I have been on the Board for the last several years and previously served as vice president. I have been active in the following club activities: Storm spotting, hosting the Sunday night net, and participating in public service activities such as Field Day, the Cornhusker State Games, and the Lancaster County Super Fair. I am a VE and have been involved in numerous exam sessions and also helped teach the Technician, General, and Extra classes.

I am proud to be a member of a group that provides such outstanding service to the community, and I hope to represent you for another term on the Board.

JENNIFER WENDELIN, KDØRTP

My name is Jennifer Wendelin, KDØRTP, and I am running for the LARC Board.

I've had my license since 4/30/2012, and I've been a member of CERT since February of 2012. Joining CERT prompted my interest in Amateur Radio as a means of helping people.

I've been the Saturday ARES 2-Meter net

controller since November 2, 2019.

I'm a member of the MRC since it was reformed to include other emergency management organizations in Southeast Nebraska, including CERT.

I have served about 25 years in neighborhood associations/community organizations boards. I'm running for the LARC Board to bring new ideas to the group to hopefully help our club continue to grow and prosper. I've been talking with several of our newest Hams, encouraging them to join LARC and get involved in club activities. I'm glad to say that I've had some success.

Our newest Hams have good ideas that should be explored. A few of them expressed a willingness to step in and learn skills that our club's more experienced members have but are getting to the age where they can't do much of it anymore. Losing that expertise would be very bad for our hobby and our club, so I believe we should pass on that knowledge while that is still possible. It is my goal to not only keep our club relevant but to expand and advance it as much as possible.

MICHAEL LONG, KØSHC

I am Michael Long, KØSHC. I have been a member of the Lincoln Amateur Radio Club since April 2004. I hold a General Class license.

I have served the club on three committees: Holiday party (2017-18), public service (2007-present), and convention (2018-2019). I have served on the Board for three years,

2021 BOARD NOMINEES — BIOGRAPHIES

first by appointment and then winning an election.

I hope to remain on the Board for another term. There is much work to do, and I would very much like to stay and continue working on all projects that come before the Board. It is an honor to serve you.

My goal is to do club business responsibly for continued success and many years of Amateur Radio fun and enjoyment. I hope you will continue to give me this opportunity.

KIM CARTWRIGHT, KEØTNR

Hi. My name is Kim Cartwright, KEØTNR. I have lived in Lincoln for most of my life. I became a Ham in November of 2018 and got my General in March of 2019.

Since becoming a Ham, I have participated in multiple volunteer events and Field Day. I have attended every meeting since shortly before getting my license and check into the nightly net whenever I can.

I have been around Amateur Radio since I was little. My dad was a Ham, WAØHNW/SK. I enjoyed watching him building different gadgets, tinkering, and operating his radios and teletype system.

I have an adult son, Kyle. I love spending time with him, his wife Koren, and their two dogs. Come February, there will be a new Cartwright. I am very excited to be a grandmother. I have a dog, Stormy, who is a Great Pyrenees. She is a gentle giant who

loves this cooler weather.

I am an information systems technician at Southeast Community College, where I assist students, faculty, and staff with their technology issues.

JUSTIN WILLIAMSON, WJØTX

Howdy! My name is Justin Williamson, and I was licensed as KEØOYY in November 2017, after taking Bryan Leavitt's (WØBCL) Technician class. I upgraded to a General license in March 2018, and then I upgraded to the Extra Class in October 2018. I recently changed my call and am now WJØTX.

Since joining LARC, I've enjoyed opportunities to give back to our club through being on the Board for the last two years and by serving as president this year. I've also been glad to contribute to our community through the club and helping with the Lincoln Marathon, the Cornhusker State Games, and storm nets.

I've been glad to have previously served as an assistant emergency coordinator for ARES, the Nebraska Section Public Information Officer, and as chair of our public relations committee. It has also been my pleasure to help grow our club by being an ARRL instructor and VE.

In addition to being a former Texas peace officer, I am the Safety Coordinator for ALLO Communications. I live in northeast Lincoln

Continued page 8

Biography continued

with my wife and toddler daughter.

I look forward to being able to continue my contributions to the club. If you think I've done a great job as your president, I would appreciate your vote. If you have any questions about me or my qualifications, please email me at wj0tx@arrl.net.

VE CHANGES

The FCC has indicated VECs/VE teams should discontinue the practice of accepting Social Security numbers at exam sessions.

Examinees should register in the FCC CORES registration system and receive an FRN before exam day.

The FCC also advised VE teams to make it clear to candidates that some information about them will be made publicly available on the FCC's website, including their name, mailing address, and felony conviction status.

Dorothy Stifflemire, the Associate Division Chief of the WTB Technologies Systems and Innovation Division told VECs that new license applicants should create an FCC user account and register their Social Security number in the FCC Commission Registration System (CORES) before attending exam sessions. Registrants will be assigned a Federal Registration Number (FRN) which will be used in all license transactions with the FCC.

She explained that auto-registration in CORES for examinees using a Social Security number will be going away. In addition, since no mail is being sent because of the COVID-19 pandemic, applicants will not receive their auto-created password and FCC FRN and will not be able to access their personal license record in the FCC License Manager database or their FRN record in CORES. Going forward, she said, VECs should make sure all applicants are registered and have an FRN before exam day.

Additionally, FCC Mobility Division (MD) Deputy Chief Tom Derenge recommended that VECs make it clear to applicants that their address will be public information when the new license is issued. He suggested advising that an alternative address, such as a PO Box or work address, would be acceptable. Derenge pointed out that once an address is in the FCC database, it's nearly impossible to be permanently removed.

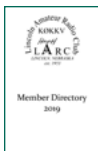

— ARRL VEC Newsletter

NEBRASKA ARRL CONVENTION

Mark your calendars for March 13, 2021, for the annual Nebraska ARRL Convention! The convention will again be at the Lancaster Event Center.

— Michael Long, KØSHC
Convention Committee Chair

2019 CLUB DIRECTORIES

I still have a few 2019 club directories available. If you were not a club member in 2019 and you are a 2020 member, please e-mail me at secretary@kokkv.org, and I will get a directory in the mail to you.

These will continue to be available and mailed until there are none left.

— Heather Chesnut, KDØBXA

DIGITAL LOG?

Did you know that you could receive the LOG in digital form via email? What's the big deal about receiving the digital LOG?

- ◆ Saves your club money on printing costs.
- ◆ Color photos!
- ◆ One less thing to toss, recycle, or use to line the bird cage.
- ◆ Get the first look at news, estate sales, and event updates when your digital LOG arrives days before the print edition!

Sign up for the digital LOG at k0kkv.org/lincoln-log.

— Jeri Lyn Rogge, NØJLR

ABOUT THE LINCOLN AMATEUR RADIO CLUB

The Lincoln Amateur Radio Club, Inc. (LARC), is a nonprofit organization devoted to the promotion of Amateur Radio. The club sponsors activities and programs to promote growth in Amateur Radio, further the experience of those already licensed, and create international goodwill.

The *Lincoln LOG* is mailed monthly to all paid members of LARC and to all Lancaster County, Nebraska, Hams.

If your label says, "COMPLIMENTARY," please consider joining the club and supporting its activities. Even if you are not currently active, your contribution will help to ensure the future of Amateur Radio. Annual dues are only \$20. For your convenience, please join by completing and mailing in the form below or visit k0kkv.org and use PayPal.

The *LOG* solicits your input. If you have an idea for an article, wish to contribute an article or photo, or want to place an ad in the *LOG*, contact the editors at log@k0kkv.org. The deadline for each issue is generally the last Tuesday of the previous month.

The *LOG* and other Lincoln Amateur Radio Club information are available at k0kkv.org and at facebook.com/LARClincoln and may be used freely. Permission is granted to other publications to reprint articles, provided that source credit, author, and previous print source appear in the reprint.
