

APRIL MEETING

7:30 PM, WEDNESDAY, APRIL 14
NORTHERN LIGHTHOUSE CHURCH & ZOOM

APRIL MEETING

The April meeting will be held in person at Northern Lighthouse Church (6141 N 14th St, Lincoln); masks are required, and sanitizer will be available. The meeting will also be available via Zoom: bit.ly/LARC0421 (meeting: 987 0606 9268; Passcode: 864509).

SPACE WEATHER AND SOME THINGS YOU DIDN'T KNOW

Matt Anderson, KAØBOJ, will present on space weather and its impact on Amateur Radio. Matt is the ARRL Nebraska Section Manager and has served in this position for seven terms.

Last year, Matt logged nearly 20,000 QSOs. He enjoys chasing DX and has achieved DXCC Mixed, WAS (Worked All States) Mixed, DXCC Digital Mixed, WAS 20-meter Digital, and 80-, 40-, and 20-meter Single Band. He is working on the requirements for 5-Band DXCC, Digital WAS, SSB, CW, and mixed modes.

Matt is a founding member of the Branched Oak Observatory Amateur Radio Club (BOOARC), NØBOO; the Child Evangelism Fellowship of Nebraska Amateur Radio Club (CEFARC), KØCEF; and the Ashland Amateur Radio Club (AARC), KØASH, of which he is also the trustee for the 145.310 repeater.

PRESIDENT'S COLUMN

Thanks to all who are participating in our meetings in person and online. We enjoyed a great program last month by Jeremy Bower. Thanks to everyone who attended.

Storm season is here, so look for the "ARES/SKYWARN® Happenings" article in this edition. Of note are some changes you should know, such as repeater assignments and point locations. We look forward to a safe and successful storm spotting season!

Please welcome Shaun Munson, KØSMM, to our team of primary back-up net control

operators. The next tornado siren test is at approximately 10:00 am on Wednesday, April 7. If you're available to help during this test, please contact Shaun.

We have great news to share about Field Day! Save the dates: Saturday, June 26, and Sunday, June 27, and check out more information in this LOG. [Page 7]

We're showing progress in returning to normal. See you at the April club meeting at Northern Lighthouse Church!

— Ed Holloway, KØRPT
LARC President

SILENT KEY

ALBERT POLITE, NØDP/SK

On December 6, 2020, Albert Polite, husband and father of three children, passed away at the age of 82.

Al was born January 8, 1938, in Newark, New Jersey. He joined the Air Force in 1956 and was honorably discharged in 1962. He worked for Lincoln Electric System from April 15, 1970, and retired December 8, 2008.

He married Carolyn Shoemaker on January 6, 1976. They raised three children: Brent, Nicholas, and Joelle.

Al was into Amateur Radio and CB; his initial ham radio call sign was NØBAA, which he

later changed to NØDP. He enjoyed storm chasing, bowling, playing cards, and being with his family. Al was known by so many for his friendly personality and infectious laugh.

Al was preceded in death by his mother, father, sister, and a son, Brent. He is survived by his wife, Carolyn; a son and a daughter, Nick and Joelle; three grandchildren; and a brother, Kelly Williams Jr. of Newark, New Jersey.

www.bmlfh.com/obituary/albert-al-polite

Editor's note: If you know of a silent key we have missed, please email log@k0kkv.org.

MARCH VE EXAM SESSION

ARRL VEC

We are definitely off to a good start with our sessions at the College View Church. We had 20 examinees this time,

which kept our six VEs quite busy. Of the 20 examinees, 16 passed at least one exam for a new or upgraded license.

TECHNICIAN

- ◆ Sarah Gurnsey, KFØEOA, Dunbar
- ◆ Stephen Mintie, KFØEOD, Lincoln
- ◆ Paul Richardson Jr, KFØENZ, Omaha
- ◆ John Eno, KFØEOC, Lincoln
- ◆ Frank Fast, KFØEOB, Walton
- ◆ Roger Lipert, KFØEOE, Lincoln

GENERAL

- ◆ Russell Goodwin, KFØCXO, Lincoln
- ◆ Jennifer Wendelin, KDØRTP, Lincoln
- ◆ Megan Mingonet, KFØDUA, Silver City, IA
- ◆ Luke Gurnsey, KFØEBP, Dunbar
- ◆ Jude Gurnsey, KFØEBO, Dunbar
- ◆ Levi Gurnsey, KFØDUF, Dunbar
- ◆ Christopher Gruff, KFØDUG, Omaha
- ◆ Shannon Richardson, KFØEOG, Council Bluffs, IA
- ◆ James Connell, KFØEOF, Geneva

EXTRA

- ◆ Josiah Wissmann, KCØPNY, Milford
- ◆ Brian Beatty, KFØEBL, Ralston

Congratulations to our new licensees and upgrades!

We need more Volunteer Examiners who are willing to give a couple of hours each month to assist fellow operators to get into new areas of the hobby. We would love to have more help and offer "on-the-job" training.

Please consider getting your VE credentials. You need to hold a General license to administer Technician-level tests and an Extra license to examine all levels. If you would like more information, please email me at webmaster@cvctrailblazers.org.

This month, we are grateful to the following VEs for their assistance with this session: NØADR, KCØDHM, NØGUB, KØJWM, KCØPJR, and AEØRP.

Join us for an upcoming session! Mark your calendar for the first Thursday of each month. Sessions begin at 6:30 pm.

— Chris Evens, KCØPJR
VE Coordinator

CORNHUSKER STATE GAMES

Summer will be here before you know it! Mark your calendars. The Cornhusker State Games are scheduled for July 16–25.

— Aaron Rogge, NØADR

LOCAL REPEATER LISTING

For a complete and up-to-date listing of local repeaters, visit www.neares.net, hover over the repeaters tab, and then click on "Lincoln Repeater." You'll also find a good listing of repeaters around the area.

— Ed Holloway, KØRPT

TRANSMITTER HUNT UPDATE

Thanks to all who participated in the fox hunt on Sunday, March 21. This was an impromptu hunt, but we had a lot of fun and participation with six hunters.

The first to find the fox was Nathan Vidlak, KDØVMI. Normally, we would have the one who was the first to find do the hiding, but that duty was transferred to the second to find, Myron Coleman, NGØM, for April (details below). The other participants were (in order of arrival) Ryan Moore, KGØBU; Eric Bigham, KØJIA; Shaun Munson, KØSMM; and Ed Holloway, KØRPT.

There will be another hunt at noon on Sunday, April 14. This hunt will be for an automated transmitter box on 146.565 MHz, transmitting on minutes ending with 0 and 5 for two minutes. The fox will be somewhere in Lancaster County, outside the Lincoln city limits. You will not need to travel any low-maintenance roads and will be able to drive up to the box (no hunting on foot).

There are no rules here other than just to come and enjoy some good ol' fun on the air! As always, use common sense when navigating your path and when using whatever triangulation methods you prefer.

Due to COVID, this hunt will be a non-contact event with no food or snacks provided. Participants will be logged by the order in which they find the fox. Any socializing activity after the event will be at the participants' own risk.

Check the LARC Facebook page for updates.

— Kelly Gubser, NØKDG, and
Harrison Gubser, NØHDG

PUBLIC SERVICE NEWS

HELP! I just received word that the Lincoln Track Club needs our help with the Lincoln Marathon on Sunday, May 2.

If you are available to help, please let me know immediately! We are to provide operators at all water stations, and if there are enough of us, we'll also deploy at the intersections along the route.

Due to COVID-19 and Lancaster County DHMs, the race course may have changed some, so you may not be assigned to work the same spot you had two years ago. The times to start are still staggered, and I need two operators in the SAG wagons that are provided by the marathon organizers. We will operate on several repeaters throughout the city. That information will be provided to those who volunteer via an email.

Email either pegkirby@hotmail.com or k0shc13@yahoo.com to sign up. No phone calls, please.

This is a great way to learn how to work in a controlled net. If you are available, please consider helping. This is a wonderful way for LARC members to show how much we enjoy serving the community!

Thanks! I look forward to hearing from you.

— Mike Long, KØSHC
Public Service Chair

ARES/SKYWARN® HAPPENINGS

The storm season is upon us, and that means we're ramping up for activations and some "eyes on the skies" kind of fun. There are some changes this year, including a few point locations, a new point, and repeater assignments. We're in the process of completing this season's storm spotter packets, which will include all this information.

Additionally, we are producing a video which will be available soon on NeARES.net for all spotters to watch before receiving their packet. Another change for this season is a requirement for all spotters to update their contact information with ARES. Please visit neares.net/ares-membership and submit your contact details as soon as possible.

Again, the 2021 spotter packets will go out only to those who have updated their contact information **and** watched the storm season informational video. If you have questions, please contact me at k0rpt@arrl.net.

Thanks for your participation!

— Ed Holloway, KØRPT

ARRL NEBRASKA STATE CONVENTION

The ARRL State Convention is a GO for Saturday, June 19, 8:00 am–3:00 pm, at the Lancaster Event Center! The entry fees are the same: LARC members and associate members are \$5.00; non-members are \$8.00; and all others who are age 16 and younger are free!

If you want to sell radio equipment in the flea market, the fee is \$10.00 per table. You will be able to pay for entry and table fees via PayPal anytime after April 15. IMPORTANT: Please keep your receipt for entry and proof-of-purchase on event day.

For those who are selling equipment, early setup will be Friday, June 18, 12:00 pm–5:00 pm. On June 19, doors open at 8:00 am, and the event will conclude at 3:00 pm.

Event highlights:

- ◆ VE testing
- ◆ ARRL speakers
- ◆ Associated Radio from Kansas City
- ◆ Prize drawings

Mark your calendar and tell your friends. Check the website, lincolnhamfest.org, for more information and updates. We hope to see you there!

— Mike Long, KØSHC
Convention Chair

FIELD DAY 2021

Field Day is ON! LARC has received approval from the City of Lincoln to reserve Mahoney Park, near 70th and Fremont Streets in Lincoln, for our Field Day activities. Field Day begins at noon on Saturday, June 26, and concludes at noon on Sunday, June 27. If you have time on Friday, June

26, come out and help us set up equipment! We'll operate as 3A, as in the past, and use a similar equipment layout.

Please keep in mind that if the Lancaster County DHMs are still in effect, we will need to **follow them to the letter**. That means we may have to schedule operator times, and we may not be able to host a dinner or president's breakfast as in the past. We don't know for certain just yet how that will all play out, but I'm preparing you for what could happen. If the DHMs are relaxed, all Field Day festivities and activities will happen as they have in the past.

We will update everyone as we learn more via the *LOG*, social media, club meetings, and nightly nets on .76.

Save the dates! We look forward to enjoying this element of getting back to normal!

— Ed Holloway, KØRPT

FCC NOT YET COLLECTING \$35 APPLICATION FEE

The majority of the FCC's revised Part 97 rules (adopted in December 2020) establishing new license application fees become effective April 19, but the new Amateur Radio license application fees will NOT become effective on April 19, 2021. The FCC announced on March 19, 2021, that the Amateur Radio license fees, including those associated with Form 605 filings, would not become effective until the "requisite notice has been provided to Congress, the FCC's information technology systems and internal procedures have been updated, and the Commission publishes notice(s) in the Federal Register announcing the effective date of such rules."

The \$35 license application fee, when it becomes effective, would apply to new, modification (upgrade and sequential call sign change), renewal, and vanity call sign applications, as well as applications for a special temporary authority (STA) or a rule waiver. All fees will be per application. Administrative updates, such as a change of mailing or email address, are exempt.

It is expected that such fees will not become effective before summer 2021. The FCC has stated that Amateurs will have advance warning of the actual effective date because it will publish such date in the Federal Register.

www.arrl.org/news/fcc-not-yet-collecting-35-application-fee

ARES NET UPDATE

There is a new ARES net! Along with the usual, nightly ARES net at 9:00 pm, there is a new ARES net in town for you early birds! Jack Peters, KBØRZP, is trying out a 5:00 pm drive-time net on Tuesday evenings. His first net was on March 30, and he had a pretty decent turnout despite little notice or announcement. This 5:00 pm net does not replace the 9:00 pm session on the same night. Please consider checking into the Tuesday "drive at 5" net, and give Jack a "Hi!" Also, please be on the lookout for another possible daytime net.

Nightly nets are still going strong! As of the end of March, there are currently 10 controllers running these nets. Your nightly net controllers are:

- ◆ Sunday: Bryan Leavitt, WØBCL
- ◆ Monday (first, third, and fifth): Harrison Gubser, NØHDG
- ◆ Monday (second and fourth): Eric Vander Woude, KØEVW
- ◆ Tuesday (first and second): Liam Baumann, KFØBFJ
- ◆ Tuesday (third, fourth, and fifth): Bruce Gubser, NØGUB
- ◆ Wednesday: Shaun Munson, KØSMM
- ◆ Thursday: Bev Bennett, KDØPTR
- ◆ Friday: Eric Bigham, KØJIA
- ◆ Friday (alternative): Ed Holloway, KØRPT
- ◆ Saturday: Jennifer Wendelin, KDØRTP

Comparing February 2018 to February 2021, there has been a 29% increase in nightly net check-ins (from 479 to 618 for the month). As I always say though, it's not the numbers that count, although check-in numbers may help with how a volunteer net controller feels about operating a net. It's the people: the folks who check in, the controllers, the people who maintain the repeater — everyone! I thank every one of you for continuing to support these local 2-meter nets. As far as I know, we are the only nightly net left in the state. With all your help, we're totally blasting the friendly competition out of the water!

It's great Hams that make an equally great Amateur Radio community. I thank you all again for checking into your local ARES net and supporting each other during difficult times. I hope we can catch you all there on the airwaves!

Here's a friendly reminder: Testing your radio during these nets is a great way to make sure they're working, and anyone with a license is welcome to check in!

— Eric Bigham, KØJIA

ARRL RADIO SPORT

LINCOLN REPEATER CLUB

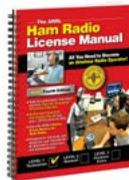

There are some great things happening in the Lincoln Repeater Club (LRC), which owns and operates the 146.850, 145.190, and 444.100 repeaters. They have been doing a lot of work on them so they sound great and are ready for your use.

Additionally, LRC could use your support. I encourage you to help by becoming an LRC member. Dues are only \$10.00/year, and they can be remitted by check to the address below; alternately, you can pay for one or more years of LRC membership along with your LARC dues. Greg Brown, KTØK, assures that he will forward any LRC dues he receives.

— Ed Holloway, KØRPT

TECHNICIAN CLASS

The Technician Class will be starting on Monday, May 3. It will run for approximately seven weeks on Monday evenings from 6:30-9:30. The class will be taught via Zoom by Aaron Rogge, NØADR, and Bryan Leavitt, WØBCL.

This class is free, but registration is required. Please register at forms.gle/2eGVjmh3DxpFFqNx6. The Zoom information will be emailed to all registrants before the first class.

A copy of the *ARRL Ham Radio License Manual 4th Edition* is highly recommended. It is available from most booksellers as well as [Amazon](https://www.amazon.com) and the [ARRL](https://www.arrl.org).

In the event there are fewer than 10 students registered, the class will be canceled. Notice will be posted to [k0kkv.org](https://www.k0kkv.org) and at the registration link website.

Spread the word! Now is a great time to get your Technician license and start enjoying the wonderful world of Amateur Radio.

— Aaron Rogge, NØADR
Education Chair

LINCOLN AMATEUR RADIO CLUB

The Lincoln Amateur Radio Club, Inc. (LARC), is a nonprofit organization devoted to the promotion of Amateur Radio. The club sponsors activities and programs to promote growth in Amateur Radio, further the experience of those already licensed, and create international goodwill.

The *Lincoln LOG* is mailed monthly to all paid members of LARC and five times a year to Lancaster County, Nebraska, Hams.

The LOG and other Lincoln Amateur Radio Club information are available at k0kkv.org and at facebook.com/LARClincoln and may be used freely. Permission is granted to other publications to reprint articles, provided that source credit, author, and previous print source appear in the reprint.

FULL MEMBERSHIP DUES REDUCED

The LARC Board has reduced Full Membership dues to \$15/year beginning in 2021. If you have already paid \$20 for 2021 membership, please email treasurer@k0kkv.org with your choice of the following options: Receive a \$5 refund, receive credit towards your 2022 membership, or donate to an LARC activity/fund of your choice.

Those interested in paying their ARRL dues through LARC are encouraged to email treasurer@k0kkv.org for details.
