## PRESIDENT'S COLUMN

Well, the month of September was a busy one for public service and other events. Thanks to all who participated. Massive shout out to those who sold goods and shopped in the LARC Flea Market. It was a great success, and many radios and other ham radio-related equipment found new homes. There were seven tables set up, and some folks brought individual items to sell. It was great to see everyone, and I enjoyed talking with those who stopped by. Thank you! We'll plan to do another next year.

If you would, please think about those who you feel deserve one of our annual awards. I want your input. You can email me at [k0rpt@arrl.net](mailto:k0rpt@arrl.net) with your nomination.

Have you thought of helping the club in its direction and continuing its forward progress? Well, an election for the Board of directors is held each year for four positions. We would certainly enjoy hearing from you.

Last month, we told you about Shaun Munson, KØSMM, strengthening the MOC (Mobile Operations Center). Since then, Greg Brown, KTØK, has replaced the flooring, built an additional operating

position in the back, and constructed a stabilizer for the radios while the MOC is in transport, along with many other updates. These changes will expedite setup and tear down of the MOC for Field Day and other events. One of the updates includes replacing the foam in the cushions. Oh, so much comfier! Thanks, Greg!

Last month's presenter, Bob Heil, K9EID, was awesomely superb! If you missed this presentation, it was a great one. Jim Nelson, WØJRN, has made this year's meetings some of the very best.

We are still under a Directed Health Measure, extended through Thursday, October 28, so we'll need to wear our masks at the next club meeting. The church has been very gracious in allowing us to use the facility, and we are set up to use it for as long as we would like. Thanks to Aaron Rogge, NØADR, Joe Eisenberg, KØNEB, and Bryan Leavitt, WØBCL, for all their help with audio and internet connection-related work. You guys are awesome!

That's all for this month. See you at the club meeting.

— Ed Holloway, KØRPT  
LARC President

## PUBLIC SERVICE

 It's the last chance to help with this year's public service season!

Sunday, October 10, is the CROP Walk in Lincoln. Heather Chesnut, KDØBXA, is the coordinator. It is a short, charitable event, raising funds to combat hunger, and your help is greatly appreciated. Please contact Heather to sign up: [kd0bxa@gmail.com](mailto:kd0bxa@gmail.com).

Sunday, October 24, is the Good Life Halfsy. It is a fast-paced race from Seacrest Field to the Railyard and is sponsored by Pink Gorilla Events. You can use your handheld radios for this one. Our job is to help the Lincoln Police Department and Lincoln Fire/Rescue with communication support.

Thanks so much for all those who have made this year a fun and enjoyable time volunteering and supporting our community! Enjoy your winter and stay safe and warm.

Well, there you have it! I hope to see many of you helping with these events. Please sign up by emailing [k0shc13@yahoo.com](mailto:k0shc13@yahoo.com).

## GHOST HUNT

There will be a transmitter ghost hunt (aka, fox hunt) on Sunday, October 24, starting at 3:00 pm. Kelly and Harrison Gubser, NØKDG and NØHDG, and perhaps a few other goblins will be hiding somewhere in Lancaster County.

Participants will be asked to check in on the 146.76 repeater. Once check-in is completed, the ghastly transmissions will begin on 146.52 simplex, lasting for two minutes, followed by three minutes of eerie silence until all searching souls have found the ghost.

There are no rules here, just some good Halloween-themed fun on the air! As always, use common sense when navigating your path and whatever triangulation methods you have.

Bring a chair. We will have a big pot of chili, hot dogs, hamburgers, and Halloween treats waiting for you.

Check the LARC Facebook page for updates as the event approaches.

—Kelly Gubser, NØKDG

## SPECIAL APPEAL

Are you a Ham? Have you been a club member for the last six months? Do you have a background in accounting? If you answered yes to these three questions, the LARC Board is looking for YOU!

In case you haven't heard, Greg Brown, KTØK, is retiring (again)! The Board is looking for a club member with some accounting experience to run for the Board. Please send your name, call sign, and contact information to Greg ([kt0k@arrl.net](mailto:kt0k@arrl.net)) and let him know you want to run for the Board.

— Heather Chesnut, KDØBXA

## BOARD MEMBER ELECTIONS

The Lincoln Amateur Radio Club, Inc., is a 501(c)(3) organization, which requires a Board of Directors to monitor activities, treasury, and assets. In accordance with LARC bylaws, the president appoints a committee to handle yearly elections. The election committee members are Bryan Leavitt, WØBCL, Greg Brown, KTØK, Randy King, KØNC, and Kelly Spencer, KEØQOY.

If you have considered running for the Board, now is the time to do it. Contact an election committee member. The LARC Board election occurs during the December club meeting.

Elected club members serve a two-year term, and every year, four members of the current Board are up for re-election, along with those who choose to run.

If you enjoy being involved and want more to do with the club, consider running for the Board.

All nominees need to submit their name, a recent photo, and a short bio (250 words or fewer) to Greg Brown, KTØK, ([kt0k@arrl.net](mailto:kt0k@arrl.net)) by **Wednesday, October 20**, for publication in the November LOG.

Additionally, there will be an open time during the November LARC meeting for the committee to receive nominations from the floor. **Nominees from the November meeting will not be able to publish a bio prior to the election.**

All candidates will be given the opportunity to deliver a short speech at the December meeting prior to the vote. It is better for you to submit your name in October!

Please consider running. This is an important and rewarding opportunity for all club members!

- 3.01 An elected Director shall:
  - 3.01.01 Have a vital interest in Amateur Radio and the Club.
  - 3.01.02 Be a Full Club member for six (6) months immediately prior to nomination.
  - 3.01.03 Be a licensed Amateur Radio Operator.
  - 3.01.04 Not miss more than three consecutive Club or Board meetings without substantial cause.
  - 3.01.05 Be willing to serve on one or more committees as necessary.

— Aaron Rogge, NØADR

## LARC AWARDS

The award season is upon us. Let's take a look at the background and rules of each of the awards, offered annually by the Lincoln Amateur Radio Club. All requests and nominations are due to Ed Holloway, KØRPT, at [kØrpt@arri.net](mailto:kØrpt@arri.net), by Sunday, October 31.

### JERRY COX AWARD

In the early 1950s, Jerry Cox, WØMAO, was without a doubt the most active Ham in the Lincoln area. Though disabled and in a wheelchair, he was on the air constantly, monitoring several frequencies and providing assistance where needed. Jerry became a silent key about 1960, and his mother thought it seemed fitting to recognize Amateur Radio operators who carried on his dedicated interest in ham radio. At that time the Jerry Cox Award came into being, sponsored by the Lincoln MARS Club [used at NEMA EOC].

The award was to be presented annually to the Ham whose interests closely followed the interests of Jerry — excellent operating techniques, active in public service, and interest in experimenting and exploring things of a technical nature. In addition, the Ham should be friendly to all and eager to help new Hams. It is not designed to be a popularity contest. Nominees are to be made by fellow Hams and the recipient selected from those nominated. All nominations are to be in writing and submitted no later than Sunday, October 31. The recipient has his or her name and call affixed to the award plaque, recognizing excellence in the Amateur Radio community.

### ED WOERNER MENTORING AWARD

This award is presented to an individual who has acted as a mentor (or "Elmer") and helped other Ham operators to advance in the hobby. By definition, a mentor is a wise and trusted counselor or teacher. Ham operators have a tradition of helping one another, and the Ed Woerner Award is given to one whose assistance has gone above and beyond what would have been expected. Nominations for this award are sought from Amateur Radio operators in the area; club membership is not necessary.

### JERRY KOHN PUBLIC SERVICE AWARD

Jerry Kohn, WDØEGK, died of a stroke on November 2, 2008. Dr. Kohn was a family dentist to some club members, but to many more of us, he was the spark plug for numerous public service events. He was one of a handful of Hams who worked with the Cornhusker State Games every year since its inception in 1984.

There was seldom a public service event that Jerry missed. His volunteer hours total was either at the top or near the top of the list year after year. Jerry served on the LARC Board a total of 14 years, beginning in 1980. The Jerry Kohn Award was created in 2008 to recognize outstanding public service by a club member based on statistics showing total participation and factors such as total hours or bike miles.

## LARC AWARDS

### STEVE MAY AWARD

Steve May, WAØASM, loved a challenge and always worked to fix his own radios as well as those of others. He was a man who never needed recognition but was always there to help. This award recognizes a club member who sees a need and steps forward to take it on without expecting recognition, and always with a smile. The current Board will select the recipient and present it at the club holiday party.

— Ed Holloway, KØRPT

## FCC APPLICATION FEES UNLIKELY TO GO INTO EFFECT UNTIL 2022

**FCC** The schedule of FCC Amateur Radio application fees likely will not go into effect before 2022. FCC staff confirmed during a recent virtual meeting with Volunteer Examiner Coordinators (VECs) that the agency is still working on the necessary changes to the Universal Licensing System (ULS) software and other processes and procedures that must be in place before it starts collecting fees from Amateur applicants. Earlier this year, the FCC said it would not start collecting fees from Amateur applicants before this summer. The new estimate is that the fees won't go into effect until early next year.

Once it's effective, the \$35 application fee will apply to new, modification (upgrade and sequential call sign change), renewal, and vanity call sign applications. All fees will be per application. Administrative update applications, such as those to change a licensee's name, mailing, or email address, will be exempt from fees. ARRL VEC manager Maria Somma, AB1FM, said Volunteer Examiner (VE) teams will not face the burden of collecting the \$35 fee.

"Once the FCC application fee takes effect, new and upgrade applicants will pay the exam session fee to the VE team as usual, but they'll pay the \$35 application fee directly to the FCC using the FCC Pay Fees system," she explained. When the FCC receives the examination information from the VEC, it will email a link with payment instructions to each successful candidate who then will have 10 days from the date of the email to pay.

After the fee is paid and the FCC has processed an application, examinees will receive a second email from the FCC with a link to their official license. The link will be good for 30 days. Licensees also will be able to view, download, and print official license copies by logging into their FCC ULS account. The FCC no longer provides printed licenses.
