

MAY MEETING

7:30 PM, WEDNESDAY, MAY 11

LARC CLUBHOUSE

4420 NW 41ST ST., LINCOLN, NE

HF BASICS

Bryan Leavitt, WØBCL

In-person only. Zoom has been discontinued pending that COVID counts remain low in Lancaster County.

Upgrading from the Technician class to the General class may begin and end with a test, but the challenges of becoming a good HF operator are just beginning! Learning new modes, equipment, and operating procedures can seem overwhelming.

Greg Brown, KTØK, will present a basic introduction to setting up your first station, the proper adjustment and use of HF equipment, and operating procedures to make your transition more enjoyable. There will also be a few tips to help long-time HF operators hone their skills.

EVENT CALENDAR

MAY

2	Mo	6:30 pm	LOG Folding	LARC Clubhouse	4420 NW 41 st St.

PRESIDENT'S COLUMN

Aaron Rogge, NØADR, LARC President

I don't know what May means to you, but to me, it is a month of endings and beginnings. For many, this is January, but for me, it is May. May sees the end of the school year with college and high school graduations capping off the formal education for many. By May, we are finally free of old man winter with the last frost of the season hopefully behind us, and many folks begin the process of planting gardens and flowerbeds. With endings come beginnings. May sees our youth transitioning to adulthood, moving out, and forging their paths in the world.

For me, the most excellent event happened many moons ago on a cool May evening. I married my lovely bride, and we began a new adventure together. I challenge you to take a moment and celebrate the beginnings and endings that come in May.

At the April club meeting, Harrison Gubser, NØHDG, presented a special gift to the club, a beautiful new podium, which he designed and built. Harrison made the podium as part of his Eagle Scout community service project requirement. If you haven't seen it yet, you owe it to yourself to come out to a club meeting. Thank you, Harrison!

Storm spotting season has taken off with a roar. At the time of this writing, we have

had two callouts already. The April Storm Spotter training was a great success, with more than 100 people in attendance. For those who were unable to make it, there is a make-up session planned for Saturday, May 7, and then another session will be held in October during the Weather Symposium.

Be sure to mark your calendars for the Nebraska ARRL Convention on Saturday, May 14. It will be a full day, with the doors opening at 8 am. There will be VE testing from 9 am to 1 pm. Associated Radio and D & L Antenna Supply will be there. Special speakers and presentations are lined up as well. Don't forget to purchase some raffle tickets, as there will be radios and gift certificates given away, but you must be present to win. You don't want to miss out.

On Monday, May 2, we will wrap up the spring Amateur Extra class that has been held at the clubhouse. At this point, the intention is to offer the Technician class next. So, if you know someone interested in getting into Amateur Radio, have them contact Bryan Leavitt, WØBCL. His email address is w0bcl1@gmail.com.

The good news about beginnings is that there is more coming. Field Day, Cornhusker State Games, and the Lancaster County Super Fair are just around the corner. So, for now, I wish you a beautiful May, and I look forward to seeing you at the next club meeting.

VE REPORT

Chris Evens, KCØPJR, VE Coordinator

The April session had another good turnout with six candidates. Five of these examinees passed at least one exam for a new or upgraded license.

TECHNICIAN

- ◆ Albert Knoblach III, KFØIQI, Lincoln

GENERAL

- ◆ Thomas Kent, KFØIQH, Davey
- ◆ Brent Lottman, NØUDE, Peru

EXTRA

- ◆ Michael Guest, KFØIJG, Lincoln
- ◆ William Lundy, WAØRMH, York

Congratulations to our new and upgraded licensees!

Volunteer Examiners (VEs) who participated this month are WØBCL, KCØDHM, NØGUB, KCØPJR, AEØRP, and AJØS. Thank you for giving your time to those who want to begin or advance in Amateur Radio.

Starting April 19, all new VE session examinees will be charged a \$15 administration fee by the ARRL (at the session) and an additional \$35 for new licenses, charged by the FCC. The \$35 charge will also apply to vanity call signs and license renewals. It *does not apply* to license upgrades or administrative changes like phone, email, or address updates.

The FCC will send the applicant an email, instructing them to pay the \$35 filing fee on a secure FCC website. Of note is that the personalized link accompanying this email

will be valid only for 10 days from the date it is received.

Once the FCC receives payment, the license will be issued or denied where applicable. Most denials come when applying for a vanity call sign that has already been taken, but there may be other exceptions.

More information on this new procedure can be found at the following link on the ARRL's website: <https://www.arrl.org/fcc-application-fee>.

BECOME A VE

Chris Evens, KCØPJR, VE Coordinator

Do you have a General or Extra class license? Have you considered being a Volunteer Examiner (VE)? If so, learn how at: www.arrl.org/become-an-arrl-ve.

LOG FOLDING

Aaron Rogge, NØADR

Thank you to everyone who helped with folding the April LOG. The folding crew consisted of Aaron Rogge, NØADR; Heather Chesnut, KDØBXA; John Huseman, WDØEZI; Jeri Lyn Rogge, NØJLR; Greg Brown, KTØK; Kathleen Rogge, KRØKAT; Bob Sindlar, KØKPH; Dave Loos, KDØPTF; Jon Peterson; and Ayden Rogge.

Join us for the next folding session!

Date: Monday, May 30

Time: 6:30 pm

Location: LARC Clubhouse, 4420 NW 41st St.

LARC CLUBHOUSE AMBASSADORS

Ed Holloway, KØRPT

It is so great to finally have a home for LARC, but that also means we need to pitch in at meetings and for general maintenance from time to time. If everyone does a bit, the jobs are a cinch! We need you — or teams of two or three people — to be LARC Clubhouse Ambassadors.

For example, on club meeting and LOG folding evenings, ambassadors are needed ahead of time to set up tables and chairs and/or stick around afterward to assist with tear down and storage. We also need ambassadors to clean restrooms and common areas before meetings and assist with other tasks as they pop up.

If you can help, whether it's a little or a lot, please contact Aaron Rogge, NØADR; Greg Brown, KTØK; Ed Holloway, KØRPT; or Shaun Munson, KØSMM. Our contact information is on page 2 of this LOG. Please consider being a clubhouse ambassador. Thank you so much!

LUNCH BUNCH NET

Paul Mundt, KF9TV

All Lincoln-area Amateur Radio operators are invited to join us for a noontime net every Monday, Wednesday, and Friday on the 146.76 KØKKV repeater.

This "Lunch Bunch" net has check-ins, traffic, a question of the day, birthdays and/or trivia, and a "Swap and Shop" for ham and everyday household items. Technical questions are also welcome.

NEBRASKA HAMFEST UPDATE

Ed Holloway, KØRPT

Saturday, May 14, is the ARRL Nebraska State Convention. On the day before, Friday, May 13, I need volunteers at noon to set up tables and escort flea market and exhibitor participants to their designated areas.

On event day, I need helpers to assist with raffle ticket sales and other duties as these arise. If you are available to help on one or both of those days, please get in touch with me at k0rpt@arrl.net.

Check out www.lincolnhemfest.org to stay in the know regarding Hamfest, and invite your friends to join you at the convention. We look forward to having a great convention and hope to see you there!

BOARD MEETING DATES

Aaron Rogge, NØADR

LARC members are invited and encouraged to attend all Board meetings at the new LARC Clubhouse, 4420 NW 41st St in Air Park. The next Board meetings are Sunday, May 8, and Sunday, June 12, at 5 pm.

CORNHUSKER STATE GAMES

Aaron Rogge, NØADR

 Save the date! The Cornhusker State Games are just around the corner. The first event is Friday, July 9 (Adventure Race). Opening Ceremonies are Friday evening, July 15, and the rest of the events are the weekends of July 16/17 and July 23/24.

Sign-up sheets are coming out shortly!

SKYWARN TRAINING

Ed Holloway, Lancaster County ARES EC

I want to thank all of you who attended Lancaster County Spotter training on Saturday, April 16. There were a lot of folks who came together to make it happen: Aaron Rogge, NØADR; Bryan Leavitt, WØBCL; Liam Baumann, KFØBFJ; Keith Simonsen, WØCHV; Fred Wiebelhaus, KØFJW; Harrison Gubser, NØHDG; Eric Bigham, KØJIA; Jim Nelson, WØJRN; Greg Brown, KTØK; Kelly Gubser, NØKDG; Randy King, KØNC; Maureen Sadler, KDØONM; and Shaun Munson, KØSMM. These individuals served as ARES event staff and assisted Brian Smith, KBØQXF, NWS Warning Coordination Meteorologist; Jim Davidsaver, Lincoln-Lancaster County Emergency Management (LLCEMA) Director; and Mark Hosking, LLCEMA Deputy Director, to fulfill their obligation to credential our spotters by way of registration of our ARES and Salamander databases.

Aaron coordinated and provided an outstanding audio and video system and provided his talent allowing all to see and hear the presentations. Brian Smith put on a great presentation with a few comedic points that always make it fun.

Brian also let us know that he will be retiring at the end of this year. After 34 years, Brian will be spending time with family and watching the weather with the rest of us.

Thank you so much, Brian, for 34 great years of service to the 38 counties NWS Valley serves, including our own. On behalf

of LARC, LRC, and NeARES, it has been educational and fun. You have touched many lives in Amateur Radio, and it has been a pleasure working with you. We will miss you. Enjoy your retirement and don't be bashful. We would love to have you visit and present to our members anytime.

Brian has a few more sessions where LARC volunteers can take advantage of his considerable experience and knowledge. **First, the SKYWARN® make-up training session is scheduled for Saturday, May 7, at the LARC Clubhouse. Brian will start his presentation at 11 am. We need a minimum of 10 attendees to hold this make-up session. Please contact Ed, KØRPT, to pre-register for the ARES and Salamander databases, and visit neares.net for the complete schedule.** Jim Davidsaver will have staff available to administer the credentialing exam.

Second, Brian will be a part of Weather Symposium on Saturday, October 8, at the University of Nebraska Innovation Campus. Dr. Ken Dewey, WDØBIV, is coordinating the event. It is in the beginning stages of planning, and we'll get more information in the coming months. I've asked Dr. Dewey if LARC could be a part of Weather Fest, and he replied that he would be pleased to have LARC involved.

At the April training, 106 folks attended, 90 tested, and 90 passed. Also of note is that 82 LARC members passed the credentialing exam. It was a great turn out indeed.

Salamander ID badges are being printed, and we should have them by the next club meeting. See you all then.

FIELD DAY NEWS

Ed Holloway, KØRPT

Field Day 2022 will be Friday, June 24, through Sunday, June 26. It'll be a little different

because we'll be setting up at the LARC Clubhouse, 4420 NW 41st St.

We'll operate 3A as we have done in the past. The GOTA station will have some new features, including Winlink. With this new setup, we are looking for volunteers to help with setup and tear down.

On Saturday evening, we'll enjoy a potluck dinner, and you're welcome to bring a dish to share. We also look forward to the president's breakfast on Sunday morning. We plan to set up tables indoors. Club station tours and many other activities are being planned.

We had a fantastic turnout last year and are looking forward to seeing everyone again this year!

If you can help, please get in touch with one of us to sign up:

- ♦ Ed Holloway, KØRPT
k0rpt@arrl.net
- ♦ Shaun Munson, KØSMM
k0smm@arrl.net
- ♦ Greg Brown, KTØK
kt0k@windstream.net
- ♦ Jim Nelson, WØJRN
w0jrn@arrl.net

SUPER FAIR GOLF CART DRIVERS

Ed Holloway, KØRPT

CQ CQ CQ all golf cart-driving aficionados. We need your help with Lancaster County Super Fair.

This year's fair will operate from Thursday, July 28, through Saturday, August 6. We had a great volunteer turnout last year and hope you will help again this year. We need volunteers to sign and drive guests to locations around the fairgrounds. This courtesy service is a huge perk of this event, and it's also a great way to show your Amateur Radio skills in action.

If you missed out on helping us last year, that's okay. We're happy to train you, and you'll have a great time, too. Don't hesitate to contact me at k0rpt@arrl.net to get on the list. There will also be a sign-up sheet at the club meeting.

SPOTTER CALLOUT – APRIL 29

Aaron Rogge, NØADR

Thank you to all of the SKYWARN® spotters who responded to the callout on Friday, April 29. A total of 518 miles were logged, with most people on point for a little over 4.5 hours.

Thank you to WØBCL, KDØDEU, KDØEEB, KDØEFK, KØJIA, KTØK, KYØK, NØKDG, KØKPH, KØMTV, KØNC, KØNEB, KDØONN, WUØQ, KEØQOY, KFØRCH, KØRPT, KBØRZP, KØSMM, KCØSVX, KEØTAS, KCØUCQ, KEØUNL, ABØUP, KEØVIC, N7RVN, KDØZNM, and ACØZQ.

ARRL YOUTH LICENSING GRANT PROGRAM

ARRL

The ARRL Youth Licensing Grant Program, in effect since April 19, 2022, will cover the one-time \$35 application fee for new Amateur Radio license candidates younger than 18 years old for tests administered under the ARRL Volunteer Examiner Coordinator (VEC) program.

"We are thrilled that we are able to provide this opportunity to our youth candidates," said ARRL VEC Manager Maria Somma, AB1FM.

The \$35 Federal Communications Commission (FCC) application fee will be reimbursed after the ARRL VEC receives the completed reimbursement form and after the new license has been issued. The reimbursement check will be mailed to the fee payer. Also, candidates younger than 18 years old would pay a reduced exam session fee of \$5 to the ARRL VEC team at the time of the exam. The \$5 fee is for all candidates under the age of 18, regardless of the exam level taken. Proof of under 18 status is required at the session.

The ARRL Board approved the Youth Licensing Grant Program at its July 2021 meeting in Hartford, CT, expanding on the scope of the original motion proposed by ARRL Southeastern Division Director Mickey Baker, N4MB.

The Board believes the recruitment and training of young Amateur Radio operators is a necessary and proper mission of the ARRL and subsidization of the \$35 fee will

reduce the number of new amateurs that would otherwise be lost from these groups. Initially, the new program would serve up to 1,000 new license applicants under 18 years old. The program length is indefinite; it may be renewed or terminated by the Administration and Finance Committee or by the Board of Directors.

Visit the ARRL website for the program instructions and reimbursement form at www.arrl.org/youth-licensing-grant-program.
