

LARC MEETING

7:30 PM, WEDNESDAY, SEPTEMBER 14

LARC CLUBHOUSE | 4420 NW 41ST ST., LINCOLN, NE

CHOOSING YOUR FIRST RADIO

Aaron Rogge, NØADR

In-person only: LARC Clubhouse (4420 NW 41st St., Lincoln).

How do you choose which radio to buy? There are several options, and many radios look the same. Bryan Leavitt, WØBCL, and Jim Nelson, WØJRN, will talk about what to look for in a radio and help you narrow the field as you search.

The presentation will focus on FM radios for use primarily on the 2-meter and 70-centimeter bands.

PRESIDENT'S COLUMN

Aaron Rogge, NØADR, LARC President

How has your summer been? Mine has been quite busy — a good busy, but busy all the same.

We are wrapping up the second ham radio class for this year. We usually take the summer off, but when the opportunity came to teach a bunch of youth, we couldn't miss it. We are considering offering the General class before the end of the year. If you are interested, please contact Bryan Leavitt, WØBCL.

But that is not all! Greg Brown, KTØK, is offering a Morse Code (CW) class. If this interests you, get hold of him before Thursday, September 15 (see article on page 4). These classes will round out the year by offering all three license levels and CW!

Public service is taking a breather in September. So far, we have had an excellent list of events and a good turnout. Thank you to everyone who helped. Don't put your radios away quite yet! October has three opportunities for you to be involved. Check your calendars before you come to the September club meeting so you can sign up. Public service is a great way to get out, enjoy your radio, and help the community.

September means fall, and winter is right

around the corner. With that comes LARC awards, holiday party, and Board elections.

Please look at the list of awards starting on page 8, then think about your fellow Hams. Who do you think deserves to be recognized? Send your nominations to Ed Holloway, KØRPT. He looks forward to receiving your input.

I know December seems a long way away, but it will be here more quickly than we realize. Soon the LARC Board nominating committee will start looking for candidates. Contact a current Board member if you are interested in running for election. Being elected to the LARC Board is a great way to get involved and help direct the club.

Also, if you want to help with the holiday party, contact Maureen Sadler, KDØNM, or me. The holiday party is a great time to socialize and enjoy a great meal; it takes just a bit of work to put it together. Your assistance will be appreciated.

Thank you for being a part of this great hobby and club! 73

BOARD MEETINGS

Aaron Rogge, NØADR

LARC members are invited to attend all Board meetings at the LARC Clubhouse, 4420 NW 41st St. The next Board meeting is Sunday, September 18, at 5 pm.

PUBLIC SERVICE UPDATE

Mike Long, K0SHC

Get ready! Our next event is Market to Market Relay on Saturday, October 8. This is a relay race from Omaha to Lincoln, and LARC has been a long-time event partner. The time commitment is not much, and opportunities to help are staggered throughout the day. Pink Gorilla Productions appreciates our efforts, and they donate to LARC!

Sunday, October 9, is the CROP Walk. Heather Chesnut, KDØBXA, is the event coordinator. The proceeds from this event help feed people in need.

The Good Life Halfsy Race is Sunday, October 23. This is a half-marathon in Lincoln, from Seacrest Field to the Haymarket. This is another event where the organizers donate to LARC to thank us for our assistance.

Please consider helping. I will have sign-up sheets at the club meeting, or you can email me at k0shc13@yahoo.com or Aaron Rogge, NØADR, at n0adr@ajrogge.com. If you have helped in the past, watch your inbox, as I will be sending emails shortly. Thank you!

WEATHERFEST — CANCELED

weatherfest.unl.edu

N The UNL Weatherfest and Science Spectacular has been canceled and will be rescheduled later.

MORSE CODE (CW) CLASSES

Greg Brown, KTØK

Morse Code (CW) is no longer required for any Amateur Radio license, but many Hams are still interested in learning this mode. LARC will be offering Morse Code classes in September. If interested, please get in touch with Greg Brown, KTØK, at kt0k@arrl.net or by phone or text at 402/937-3540 by Thursday, September 15.

VE REPORT

Chris Evens, KCØPJR, VE Coordinator

**ARRL
VEC**

August got us back in the normal flow with our normal session at the College View Church. Seven people came prepared to take an exam, and all seven passed at least one test for either an upgrade or new license.

TECHNICIAN

- ◆ David Hamilton, KØDWH, Lincoln
- ◆ Larry Moody, KFØKAG, Mead

GENERAL

- ◆ Nicholas Fromm, NØNFX, Lincoln
- ◆ Steven Karre, KCØBBF, Lincoln
- ◆ Jesse Kraft, NØJDK, Lincoln
- ◆ Isaac Moon, NØIBM, Lincoln
- ◆ Joel SherBurne, K3WKB, Omaha

Thank you to the Volunteer Examiners (VEs) who participated this month: WØBCL, NØLNK, KWØONE, KCØPJR, KDØRIY, and AJØS. Thank you for giving your time to those wanting to get into Amateur Radio.

SEPTEMBER FLEA MARKET

Saturday, September 24 | 8:00 am–3:00 pm

8310 Sandalwood Dr., Lincoln

Talk-in on 146.76- & 442.7+ (146.2Hz)

Save your UPC labels from Best Choice products to bring to the club meeting.

HEATSTROKE 100

Aaron Rogge, NØADR

Mike Long, KØSHC

Thank you to everyone who turned out to help with the Heatstroke 100. It was a beautiful day, and the riders really appreciated our being there. Thank you to NØADR, KFØAWM, KCØHN, WØJRN, KØKPH, WXØL, KCØML, KØNC, KØNFX, KDØRIY, KØSHC, KEØUNL, and K3WKB.

PLUMBER NEEDED

Aaron Rogge, NØADR

The club needs the service of a plumber to clear some drains.

LARC has been given exclusive use of two additional restrooms. Unfortunately, the sink in the women's restroom and the men's urinal and floor drain are severely plugged. These have proven to be more than what a household drain snake can clear.

If you can help, please contact Greg Brown, KTØK, at kt0k@arrl.net or Ed Holloway, KØRPT, at k0rtp@arrl.net.

QRZ NEW HAM JUMPSTART PROGRAM

QRZ.com

We are pleased to announce the QRZ New Ham Jumpstart, a program that will help new Hams get on the air faster than ever. The program, which is jointly sponsored by QRZ and GigaParts, will provide a FREE, New Ham Welcome Package to eligible applicants. Among the goodies in the first edition of the Welcome Package, we are including a brand-new dual-band handheld transceiver, the Explorer QRZ-1, along with a host of other sponsor-supplied goodies.

PURPOSE OF THE JUMPSTART PROGRAM

This program is designed to promote Amateur Radio to the masses, helping to eliminate a possible barrier to entry by providing new Hams with their first radio. The Jumpstart program will provide the QRZ-1 radio to new Hams who meet eligibility requirements. No purchase or subscription of any kind is necessary. The welcome package is FREE to those who qualify.

The QRZ-1 is a brand-new, entry-level, dual-band ham radio transceiver that has been custom manufactured for QRZ and GigaParts and is available for sale at GigaParts. We worked with an established radio manufacturer to make a special edition radio just for new Hams. Our involvement was much more than a re-labeling of an existing product, because several important improvements have been made. For starters, the radio firmware has been modified to make user interaction straightforward and easy to understand. In addition, the user manual was rewritten in English (not simply translated) so that new Hams may grasp its operating concepts clearly.

ELIGIBILITY

New Hams who have just obtained their first license from the FCC may apply for a welcome package. Applicants must apply within 30 days of the license grant date per the FCC records.

The eligible Ham must have a QRZ user account and be able to log in and apply for the award. Certain types of identification, including a photo ID, will be required. This information is not shared or exchanged with any party and is used only to validate eligibility under this program. Additional shipping charges may apply when shipped outside of the contiguous 48 states.

This program is available exclusively to USA licensed Amateur Radio operators.

YOU CAN DONATE IT

Some new Hams may not need a new, entry-level radio and might instead enjoy a full year of a QRZ Premium subscription. If you opt for this choice, you will make the radio available for another newcomer and help us extend the program into the future. It's an easy way to "pay

it forward" that others will appreciate. If you are interested in this option, please send an e-mail to Support@qrz.com.

LIMITED TIME OFFER

The program ends on Monday, October 31, 2022. If you are or about to become eligible, please keep this in mind. In all cases, the New Ham Welcome Packages are subject to availability and therefore the program may end earlier than expected. QRZ assumes no responsibility for the failure to deliver New Ham Welcome Packages, even if an application was granted. The packages have no cash value and may not be redeemed or exchanged for other QRZ products and/or services. QRZ may, at its sole discretion and at any time, change the contents of the package.

SIGNUP INSTRUCTIONS

We will begin accepting welcome package applications on Friday, August 19, 2022 at www.qrz.com/jumpstart.

LANCASTER COUNTY FAIR — THANK YOU!

Ed Holloway, KØRPT

Another Lancaster County Super Fair golf cart event is in the books. I thank everyone

who volunteered to drive carts and help with net control. Forty of you supported this event and accumulated a combined total of 827.5 volunteer hours.

Thanks to Mike Long, KØSHC, for taking on the primary NCO duties. Much thanks to the folks who assisted and gave Mike a break. Mike worked 19 of the 20 shifts. There were a lot of compliments from fair patrons regarding the friendly faces, happy people, and service during the days of extreme heat.

The MOC performed flawlessly, and after I fixed the fridge and freezer, Bryan Leavitt, WØBCL, provided much-needed drinks and assorted treats — cold ones! Thanks to the Lincoln Repeater Club for allowing us to

use the 145.190 KØLNE/R repeater for the fair's duration. This repeater was installed specifically to cover the fairgrounds, and it outperformed its intended purpose. Thank you to Mike Ruhrdanz, NØFER, Myron Coleman, NGØM, Troy Schurmann, KEØTAS, and Keith Simonsen, WØCHV, for your work to make it all happen.

Below is a list of call signs belonging to those who stepped up to the plate and helped make the fair a more enjoyable public service event. Again, Thank you all!

NØADR, KFØAFO, KFØAWM, WØBCL, KØBWW, KFØCXO, KCØDHM, KØDHT, KDØEDU, KEØEQY, WDØEZI, NØHDG, KCØHN, KØIFC, K6INS, NØJDK, KEØJDP, WØJRN, KTØK, KYØK, KBØK, KRØKAT, KØKPH, NØLBC, KØMXE, KØNC, KØNEB, KØNFX, KWØOF, KDØONQ, KØRPT, KDØRWT, KØSHC, WØSHT, KØSMM, K1STN, KEØTNR, NØWPA, KØWTV, and KDØZNM.

LARC AWARDS

Ed Holloway, KØRPT

The award season is upon us. Submit requests and nominations to Ed Holloway, KØRPT, k0rpt@arrl.net, by Monday, October 31. Award winners will be announced at the December holiday party.

JERRY COX AWARD

In the early 1950s, Jerry Cox, WØMAO, was without a doubt the most active Ham in the Lincoln area. Though disabled and in a wheelchair, he was on the air constantly, monitoring several frequencies and providing assistance where needed. Jerry became a silent key about 1960, and his mother thought it seemed fitting to recognize Amateur Radio operators who carried on his dedicated interest in ham radio. At that time the Jerry Cox Award came into being, it was sponsored by the Lincoln MARS Club.

The award is to be presented annually to a Ham whose interests closely followed Jerry's: excellent operating techniques, active in public service, and an interest in experimenting and exploring things of a technical nature. In addition, the Ham should be friendly to all and eager to help those who are new to the hobby. It is not designed to be a popularity contest. Nominees are to be made by fellow Hams and the recipient selected from those nominated. The recipient will have his or her name and call sign affixed to the award plaque, recognizing excellence in the Amateur Radio community.

ED WOERNER MENTORING AWARD

This award is presented to an individual who has acted as a mentor (or "Elmer") and helped other Ham operators to advance in the hobby. By definition, a mentor is a wise and trusted counselor or teacher. Ham operators have a tradition of helping one another, and the Ed Woerner Award is given to one whose assistance has gone above and beyond what would have been expected. Nominations for this award are sought from Amateur Radio operators in the area; LARC membership is not necessary.

JERRY KOHN PUBLIC SERVICE AWARD

Jerry Kohn, WDØEGK, died of a stroke on November 2, 2008. Dr. Kohn was a family dentist to some club members, but to many more of us, he was the spark plug for numerous public service events. He was one of a handful of Hams who worked with the Cornhusker State Games every year since its inception in 1984.

There was seldom a public service event that Jerry missed. His volunteer hours total was either at the top or near the top of the list year after year. Jerry served on the LARC Board a total of 14 years, beginning in 1980. The Jerry Kohn Award was created in 2008 to recognize outstanding public service by a club member based on statistics showing total participation and factors, such as total hours or bike miles.

LARC AWARDS

STEVE MAY AWARD

Steve May, WAØASM, loved a challenge and always worked to fix his own radios as well as those of others. He was a man who never needed recognition but was always there to help. This award recognizes a club member who sees a need and steps forward to take it on without expecting recognition, and always with a smile. The current LARC Board will select the recipient of this award.

SOOLAND AMATEUR RADIO ASSOCIATION ARRL HAMFEST
